The Old Man Must Die.

**“my people perish for the lack of
knowledge (Hosea 4:6)”**

But blessed are your eyes because
they see, and your ears because they
hear. For truly I tell you, many
prophets and righteous people
longed to see what you see but did
not see it, and to hear what you hear
but did not hear it.

The Old Man Must Die.

A question was raised in one of the past series that how can I die to self? Hmmmmmm... Most of the teachings we were brought up with taught us how to die to flesh, but only few taught us how to die to Self. That is why the fruit of the kind of Christianity we are raising are types of Christian who only accept Jesus as their saviour, but not as their Lord. You don't accept Jesus as your Lord by confession, you accept Him as your Lord by denying of self, pick up your cross and follow him (Luke 9:23).

To where? To Golgotha. To where? To the Grave. Because you cannot carry the Grace until you get to the Grave. To be a receiver of Grace is different from carrying a grace. **By faith you receive Grace, but by death you carry Grace.** It is what is not heavy that you receive. When a grace is heavy, you don't receive it, but you carry it. For generation to look at you and say you carry something sir, such grace is not longer a product of Grace through faith, it is a product of Grace through death. **We have a dimension of Grace that comes through faith, while we have the dimension of Grace that comes through death.** I feel like we speak in tongue for some minutes before we continue... There are deep and hard things to unveil in this teaching. **Open the eyes of my understanding oh Lord, I don't only want to be a receiver of grace, I want to be a carrier of Grace.**

Now to the point: **What does it mean to die to Self?** It is to die to your will, it is to come to a stage in life where you renounce your will and say not my will any more, but let your will be done. You can renounce your old life and not renounce your old will. **Old life has to do with from evil to good; will has to do with from good to God's will.** When you renounce your old life, the society embraces you and honours you, but when you begin to renounce your will, they begin to see you as foolish, because at this stage your step no longer becomes a decision that is generally acceptable by the common sense of the society. So when you renounce your old life the community of people who embraces morality rejoice and honour you, but when you renounce your **good will** to embrace **God's will** they mock you. You only see them coming back when they begin to see result. But don't worry those that **sack** you today will **seek** you tomorrow when they **see** the Glory. **Until you die to your good will to embrace God's will you can not be relevant to a maximum advantage in the kingdom**

Have you watched the latest film of Mount Zion Drama Ministry titled: **The Train**? There you will understand the meaning of what it means to **"die to self"**. How can a good looking young God fearing vibrant Barrister, who is genuinely born again, with a good moral standard base in Canada comes to the way of your Gloria Bamiloye to marry you

with every form of seriousness, and God said your husband is one Mike Bamiloye who has no television in his room. **It takes a woman who is dead to self to deny good will, and accept God's will at this juncture.** How wish no man was coming her way, that could have been better. How wish she is not beautiful just trusting God for any born again man to just come, it could be easy to marry people like Mike Bamiloye, because when you watch the film titled The Train, what's funny to me in the whole story is the only one brown coat that Mike Bamiloye worn through his days for years, because that was the only one what he had. More than two to three sisters have rejected his hand in marriage to follow a man who has television. It takes dead to self to reject a man who has television to follow a man with vision, but not television. They rejected a man with **flat stomach** to follow a man with **flat screen**. But for Mummy Gloria Bamiloye opposite was the case. She rejected the **flashing way** to follow the **foolish way**. Mummy Gloria Bamiloye rejected the born again Barrister who appeared in **court** and followed a born again brother who appeared in **coat**. That is what it means to die to self.

Sister Rebecca be sincere ma, if you are to be the one who will you choose? You better don't even seek the advice of your pastor over it, because the first thing he will calculate is the tithes you will be paying to his ministry if you marry the Barrister and follow him to Canada. What a carnal Pastor!

Pastor Banjo are you talking to me, yes sir you are the one. We know how you have made many to abort their vision with your carnal advice just because it is against the good will. Hmmmmmmmm... That is what it means to die to self sir. Can we take a rest and pray, with this song as you speak in tongues... **Take over, Jehovah I have come to the end of myself.**

Now let us continue: Mummy Gloria Bamiloye became a carrier of Grace, because she died in the Grave of Christ. A carrier of Grace does not only carry glory, they carry honour and become an episode for their generation to watch and learn. And an epistle for their generation to read and learn. Because it is when you get to a stage where you say not my will, ambition and plan any more, but let your will be done, because until you deny your will, you can't embrace His plan. Your will is to be a Medical Doctor and your name has come out with first list in OAU, but a voice comes behind from the throne of eternity that my plan for you is to go to Kogi State Polytechnic. Who can you tell that one to that will not take you to C.A.C. Prayer Mountain for deliverance from ancestral power fighting your Glory. Why? To your parent and people around Medical Doctor is a Glory. What a carnal and falling generation we find ourselves. Who cannot discern God's destiny plan for our life at early age. I was 8 years old when I called my parent that I want to be a pastor. My mummy looked at me with her sincere eyes and shouted at me, your mate are becoming a lawyer.

Now when destiny will have his way, I become the pastor which is my destiny choice, and I now become a teacher to lawyer now. **Why is the issue of Self the problem?** Can that be the reason why we are where we are. **Christianity is not denying flesh, every religion does that, and that is where we stop and make our tent.** All we teach about in church is fornication, lie, anger, malice, e.t.c. Every religion preaches that. Mature Christianity begins when you begin to learn how to deny self from good will to God's will, while baby Christians, they learn how to deny from evil and bad will to good will. And all will know in church and brought up with to be Christianity is to deny bad will to embrace good will. But many religions do that. **What makes us different from other religion? It is the ability to deny Good Will to embrace God's Will.** And this is what the society called foolishness. Until you get to this stage, you can't begin a journey to Golgotha with your cross.

The word 'Cross' is primarily a mark of saying no to your will. It is a mark of renouncing your will, that is you cancel your will. It is at the Golgotha that you become an object of crucifying the will. And once you get to this stage, your benefits in anything is no longer your concern again; In any of the plan, ambition and vision ahead of you, it will now be what is the benefit of Christ to this my plan? Anytime you think of your gain first before doing anything is the activity of the old man (Self). When an old man gets to a place, he first asks, what can I get from this place, but when the new man gets to a place he first asks what benefit can I add to this place? Because the Christ nature has been cultured to see this life from service and stewardship perspective not Lordship and ownership perspective like the old man. **This is the revelation of the life that Paul was talking about in Galatians 2 vs 20 that it is not longer I who live, but the life I now live, is a life of Christ.** Hmmm... I don't know if all you have been practicing all this while is baby Christianity.

The Old Man Must Die (Series 2)

I said it in the last series that it is one thing to receive Christ as your Lord, while it is another thing to receive him as your Saviour. And until he becomes your Lord and Saviour, your Christianity race cannot be balanced.

By faith in the knowledge of what Christ had done you receive him as your saviour, while by the knowledge of what to do you receive him as Lord. So for him to be your Saviour it is the law of faith, while for Lord it is the law of surrender. There is a voice sounding and boiling on the throne of eternity echoing like thunder into the heart of mortality that whosoever that wanted to follow me let him deny himself, pick up his cross and follow me (Luke 9:23). By faith he established a fatherhood to sonship covenant with you, governed by the love of God which determines the authority of your position in the spiritual realm. While by surrendering he established a Lordship and followership covenant with you, governed by service for him which determine the power for your assignment for him on earth.

Grace preachers stopped at the revelation of the finished work of Christ and think that is all, no sir, if you base your Christian race only on that revelation you are only standing with one leg and that is dangerous. You will only have authority without power. And authority is to your life, while power is to your assignment. **By faith we receive him as Saviour, while by death we receive him as Lord.** So the way of death is one of the teachings that is missing in the body of Christ. We are only taught the way of death through faith, but we are not taught the way of death through suffering. There are realms where we rely on the suffering of Christ which was part of the finished work of Christ. While there are realms where we share in his suffering and the Bible says in Romans 8 vs 17 that if we don't share in his suffering we cannot share in his Glory. And if you don't understand the balance you will just be loaded and not needed in this generation. Because you will not be strong, you will only be full of knowledge without the mark of the cross. That is when you see yourself saying, i can never be poor, he had become poor so that I can be rich. Yes that is a deep revelation, which is very correct. But there is a realm where God will allow you to pass through poverty before breaking through to prosperity. This is the realm called walking through to break through. This is the realm where God will be giving you some annoying promises like: if you pass through fire I will be with you, what kind of promise is that, what I want to hear is that I will deliver you, or quench the fire for you. But for those whom God is teaching the way of death those are the roads. You'll begin to hear even though you walk through the valley of the shadow of death, i fear no evil, must I walk through the valley of the shadow of death? But for the earth and wealth preachers, they will say confess positive things. But for those who wanted to go to Golgotha, that is the way, it is a valley of the shadow

of death. And until you get to those realms Christ is not yet your Lord, you are in the Saviour level. He is your saviour and you are on your own.

At this saviour level you know what is good and what is evil, you are taught how to rely on grace available in Christ to deny evil. Very Good! But we are talking of a stage that you will get to, that you will now begin to see the difference between good will and God's will. This is the realm where Jesus will appear to your Peter and ask him Simon, Simon, Simon, loveth thou me more than this? Was Peter committing sin? No! (John 21:15-17). When you accept him as your saviour you receive **new life**, when you accept him as your Lord you become a **new man**. Someone is asking what is the difference between new life and new man again Pastor Banjoooooooooooo? Relax..... We are not teaching heresy.

When you accept him as your saviour you receive the life of Christ, while when you accept him as your Lord you become a new man of Christ. **The New life you received is not yet a new man, it is just a new baby that must grow to become a new man.** Let us learn to understand process and the law of becoming in the scripture. There are words that God says that the reality of it will first come as a seed and then grow to maturity to become exactly the picture of what God have in mind when he spoke that thing to existence. One thing about God is that if he wanted to create anything in most cases, it is the picture he have in mind that he uses to proclaim it, but when that thing landed on this Cosmos, it may land as seed. You may now begin to think God's word has not come to pass. The word has come already. You are the one that has not grown to understand the reality of his promises through the seed that landed. Let me give example, God may tell your Abraham that I will make you a father of many nations. And when God wanted to answer the prayer he gave him a seed called Isaac. That is crazy! You promised me a nation and you are giving me Isaac. What has Isaac gotten to do with nation? Are they compatible? Do you know the meaning of Nation, that is continent, country etc., and you now give me a seed. God you must be joking. But Isaac is the seed that will be planted that will produce the tree of the nation promised! This is how many had thrown God's seed in their hands away, because it does not look like the promise. Do we have any seed that looks like the fruit? No, that is the mystery. God told you that your husband will be a worldwide Evangelist and all you're thinking in your mind is that it must be the son of Bishop David Oyedepo that God is talking about. And suddenly when the brother appears he looks like one old fashioned brother like signboard without address, with one old Nokia phone in his hand as he tok in his shirt with his John Wesley century trousers couple with one shoe that looks like the shoe of one Evangelist just coming from Bible college . And suddenly God brought him your way and suddenly you throw the seed away. You don't know that you've just thrown the Reinhard Bonnke of this generation away. And after many years he began to appear in your television. **So same thing goes to your spiritual life, when God is saying you are a new man, he is saying it**

from the end point, that is what you will end up becoming. But it is not automatic, the seed that will grow to become the new man is called eternal life. So if you stay in the realm of faith in the finished work of Christ, you are just a baby in Christ not yet grown up to become a servant or slave of Christ. **You are a baby in Christ not yet grown up to be son. Until you are a son, you are not yet a man and you can be man until you carry your Cross.** Son is called hurios in Greek that is a mature child of a father who has grown above 20 years according to the Jews custom. Because the age selection needed for one to be part of the army of the Israelites then was 20 years. Once you join the army and you face the first battle and come back alive, your family will do a great celebration and declare you as a son. This is the mystery that John was writing when he said I write to you youth because you have overcome the evil one, that is you have gone to the field of life to war and come back conquering (1 John 2:14). So your father will now begin to release his inheritance for you. This is why David was in charge of sheep, while the rest of his brothers were known as army, because David was not yet up to 20 then according to the law of the custom. He must stay at home and be doing the work of the slave according to the law of the land. This is the deep analogy that Paul was using to explain Galatians 4 vs 1 that as long as a son is a child, he is different not from a servant, he was speaking from the custom law of Israel. And that is why David differeth not from a servant, not because his father hated him, but because he was a child. That is why he was sent to the bush, he was not different from a servant because he was still a child. They the youth doesn't do shepherding, they surrender to the kingdom as a soldier. So when you receive a new life, you are still not different from a servant even though you are lord of all. So don't put yourself in an isolation message of Grace, I am a grace preacher but understand the balancing. You say you are a new creature that old things have passed away, relax sir!

When you receive a new life, old things have not yet passed away, and everything has not become new. You and I know, don't let us deceive ourselves, even though they have passed away by faith, they have not passed away in reality, and until you get to a realm where what has passed away by faith becomes reality in your life, you are not yet a new man in Christ, you are just a new baby in Christ growing to maturity. You said old things have passed away, but the way you masturbate, lie and get angry before you met Christ you are still struggling with them after you met Christ. Even though you know that they are sins, but you are still doing them, so it is obvious that that old things have not yet passed away, but by faith they are, but in reality they are not. And until your confession of faith matches up with the confession of man over your life, you are not yet a new man. And the process of making it to come to reality is not by all this mere confessions that are taught by grace preachers, it is not by the revelation of the finished work of Christ, it is by the revelation of the way to the cross. You may have the revelation of the cross that is good, but until you have the revelation of the way to the cross and walk

through it, you will keep on confessing I am the righteousness of Christ for 35 years without any fruit of righteousness. Until the government of heaven tells you that you have retired, and begins to look for new generation you may not know that there is more to the revelation of the finished work of Christ. I have said it that the gospel of Grace is not the teaching that will birth revival, the gospel that will give birth to the last revival is the gospel of the kingdom. Grace message is just like the message of the John the Baptist that came to clear the way, so don't sit down with grace message and think that is all, learn to understand the move of the spirit and move as the cloud is moving. **So to believe Christ you receive a new life, but to surrender to him you become a new man.** And I have said it in my past teachings that you don't surrender your life to Christ to be saved, you only surrender your life to Christ to be used.

Coming to salvation it only comes by grace through faith so you only believe in Christ to be saved, while you surrender your life to Christ to be used. Once you surrender you become a slave of Christ. **What are the things to surrender? it is your will, your ambition, your plan.** Today, ask him, what is your will for my life. Don't wait till you are 73 years old before you'll begin to know God's will for your life.

The Old Man Must Die (Series 3)

12: For when for the time ye ought to be teachers, ye have need that one teach you again which be the first principles of the oracles of God; and are become such as have need of milk, and not of strong meat.

13: For every one that useth milk is unskilful in the word of righteousness: for he is a babe.

14: But strong meat belongeth to them that are of full age, even those who by reason of use have their senses exercised to discern both good and evil. (Hebrews 5 vs 12-14)

When you receive the new life at salvation level, you must first be introduced to the first principle of the Oracle of God. It is called first because it was the first commandments that came through Moses. The grace and truth that came through Jesus is the second principle of the Oracle of God. The teachings of the Apostles that explain the position of the law, the analysis of the grace and the truth which begin from the book of Acts to the book of Jude is the third principle, while book of Revelation which unveil the last event and the second coming of Christ is the forth principle. **So the first principle must first be taught, because if you jump to Grace without full understanding of this first principle of law you may land in grave.** From this first principle a new believer have the knowledge of good and evil through the law and how to deny Self from evil and embrace good through the grace of Christ available in the new life in him. **This is the basic principles of the teaching of the kingdom.** So for everyone who is unskilled in the word of righteousness according to vs 13 must go back to that class. You have not passed yet, you are still a baby in the spirit. The knowledge of good will and God's will is not for babies, it is the strong food of the mature,

How do we know the mature, is it by rhema? No sir, but by getting to a stage where they can now use their senses to exercise and discern both good and evil without opening the Bible. You don't need to tell them anything about law again they know it and they don't have issue with violating. **Look at verse 14 very well, two words were used there: 1. Discern, and 2. Exercise** That is they do not only have the Sense to discern good and evil, but they can Exercise their good-will to renounce evil and do good. And if you have not gotten to this stage, you can go back to 100 level sir, this level is not for you because you have carry over already in the school of the Spirit. So the basic doctrine must not first be trivialized which is known as what is good and evil. **That is why every born again student must start with the law.** Because it is by the law that we know sin. **The assignment of the law is to show us sin (Romans 7 vs 7)**

7: What shall we say then? Is the law sin? God forbid. Nay, I had not known sin, but by the law: for I had not known lust, except the law had said, Thou shalt not covet.

So Law was not given to us to keep, it was given to us to know. Then for who are born again we can now use the power of eternal life in us to live by it and live in it. We are no longer bound by it, we are no longer under it but we are now in it and the law is now in us. (Hebrew 8 vs 4-8). So without Christ it is impossible to keep the law, but now let the new believer be taught that they can do all things through Christ that strengthen them. They must be encouraged. **Mind you the law was given to the Israelites, but it was not meant for them, it is meant for us not to be under it, but for it to be inside us (Hebrews 8:8-10).** God did not plan to give to the Israelites to keep, because the life that can keep the law had not come, it was given to them to humble them and know they can't keep it in the energy of the flesh. It takes eternal life to keep eternal law. You cannot be given the rules and regulations that govern fishes in the sea to birds in the air. Until the birds of air is possessed with the nature, life and spirit of the fish he cannot enter the sea to swim.

Law came from above, it is a summary of the culture of eternity and until you receive the life of eternity you can't live the life of the eternal. So once you are born by the spirit, they begin to guide you into the knowledge of good and evil and how to draw strength from the power of the eternal life to do the good and shun evil. So as you grow, you graduate to higher level, where you will now be taught how to deny Self from good will to God's will. **It is a teaching, you must be taught that realm, and that is the realm of spiritual maturity where it is no longer you who lives, but Christ who lives in you (Gal 2:20).** **It is a call to raise the soldiers of Christ.** At this stage, you don't pay ten percent tithe, and be using the rest to do good. All those are teaching for babies, for babies you must teach them to pay tithe, it is part of the first principle of the Oracle of God. But for the mature it is not about paying ten percent and be using the rest to good. The money is not your own, you have died. All is what belong to Christ and not ten percent. Does a dead man own property? It is the money of the new man called Christ living inside of you, you are only living for him, how will you pay ten percentage in your master money and keep the rest, even though you give the rest to the widow and poor, the question is who sent you? Every Kobo must be spent by divine direction. You are just a steward of the money and not the owner. This is when any money that comes into your hand, the new car is not what you think first, buying new house is not what you think first. Truly all those things are what we need and Christ knows we need them. **So You'd ask, 'should I not build house again with my money ni?' Yes, that is good will, that may not be God's will.** Who told you that you must build house with your own money, who told you that you can't receive a house key of duplex as a gift. It will not take the Holy Spirit a

seconds to disturb one rich man who has also died to self to build a house and give you the key as a surprise. Who told you, you must buy car with your own money, by yourself, with your sweat. That is not the live of the kingdom.

In the kingdom you first think, "Oh Lord, your 10million in my account is for what?" For 3 months, God may not speak, you keep the money there and face your daily life. Is not your money, so why thinking of it, if you have died to self, focus on Him and be busy with his assignment in your hands, suddenly God may begin to speak. Go into so and so business or investment, and begin to use the resources from it to support lives and the assignment of the kingdom. You cannot invest with this mind and one gate of hell will prevail over it, you don't need any pastor to be praying to the investment or business with anointing oil, it is already anointed from the throne of eternity. Because that your investment is a church of Christ, the gate of hell cannot prevail. Church of Christ is not where we gather to doing praise and worship, whatever that is built in His name by Him, for Him is a church of Christ. This is the mystery of influencing the world, with the kingdom of Christ. It is not building church everywhere and be disturbing the peace of the environment with one vigil. What kind of noise pollution is that? If your business is built in his name, that is your ministry. How you use that business to affect the gate of hell is your assignment. That your school can be a church of Christ, you build it for Christ and establish the culture of eternity there, influence the lives of the children with eternal life, before they get to age 4, they are already filled with the Holy ghost with the evidence of speaking in tongues. Before primary six, they have understood the efficacy in the name of Jesus and how to lay hands on the sick in the name of Jesus and be healed, you suddenly see one 9 years old primary 6 pupil getting home and laying hands on the cancer of the breasts eating up his mother and the cancer disappear. That is the kingdom of Christ. By prophecy their teachers can begin to design their Destiny assignment and not this one that someone will waste five years in the university and come and be learning fashion designer.

The church of Christ is not four corner walls, it is establishment of a kingdom in this world. And this revival is about to begin. **So as long as that your company is built in His name, for His purpose that is the church of Christ, this is what the bible means when it says whatever you ask in my name, I will do it (John 14:13).** That is, praying like God provide for me I want to build school in the name of Christ and for him. Asking in his name was not saying you should be shouting the name of Jesus three times when praying and end it up with in Jesus name I pray. That is not what the scripture means. There is question of purpose you must answer when asking, in whose name are you building the school and for what purpose? If you can tell God in Christ name and for Christ purpose, it means you have asked in his name, and whatever you ask in such manner with the sincerity of heart he will surely answer you. **Christ wants to make your**

cocoa farm His kingdom, he wants to make your business His kingdom. Are you saying is this small business? That is how the kingdom comes, it come like a mustard seed, very small, but if it is Kingdom business just watch it and see how big it will become. If I should tell you how Time to Eat began, you will be surprised how seed can grows. It started like quotes, I would write a quote not more than 3 lines and send it to all my WhatsApp contacts. Suddenly, it began to grow to something that is 5-10 lines. When it became 10 lines there about, I began to write once in two days, suddenly it became an article. And when it became an article, I began to write once in 3 days, suddenly, it became once in two days later it became every day, suddenly God brought Brother Segun Bello to my way and we began Time to Eat coupled with platform with 50+ members coupled with Tomi Ayokunle the chief Editor.

When the grace began to grow, it became twice in a day (breakfast and dinner). Now, it is 3 times in a day with six Time to Eat WhatsApp groups with close to 1,000 members. That is how the seed of the kingdom grows. It does not begin in one day and becomes international the second day. But once it begins, you begin to see speed, because it is an eternal seed and no gate of hell can stop it. If that business is Christ's business in your hand, it grows to become what bird will rest and put their nest. That is, other people will begin to live and exist on that your vision.

See you in the next series

Love you!

The Old Man Must Die (Series 4)

KJV: God forbid. How shall we, that are dead to sin, live any longer therein? (Romans 6:2).

In this context Paul was talking about dead to sin and not dead to Self. You don't know self by law you know sin by law. The curriculum of Self life was not captured in the law. The law captured the reality of evil life (don't) good life (do) that is why law is all about do and don't.

Law can't tell you that going to Oxford University is a sin; But it can be sin to you, because looking at the law of your destiny it is written. The plan of your life has nothing to do with going there. The law of destiny captures in the book of destiny of your life says thou shall not go to Oxford University: But thou shall go to Kogi State Polytechnic, because that is the voice from the book of your destiny. **Does God not love me to experience good thing?** He really wants you to experience good thing in life even more than the way you want for yourself, but his way of taking you there is not your way.

To you Oxford University is the way to experience good life, but to Christ Kogi Polytechnic is the way. **You can see while eternal way is always narrow and the Bible says only few found it (Matt 7:14).** Not even only few walk in it, but only few found it. **That is why if you are not dead to self, you cannot live to serve.** I thought you have come to the end of yourself, does a dead man needs to experience good thing in his own way, lean not to your own understanding my friends. Everything is not money, the reason while God is leading you through a path, may just be to meet your life partner or destiny helper. So why reason like a civilian christian when the eternity is wiring you rigorously to be a soldier of Christ. **A soldier does not decide where he will be posted to or live**

Anything you do aside the leading of the government of the Holy spirit is called an affair of the world no matter how good it may be. **Because the Bible says that no soldier that entangles himself with the affairs of this world can please the master that sends him (2 Timothy 2:4).**

2 Timothy 2:4: [4] and as Christ's soldier, do not let yourself become tied up in worldly affairs, for then you cannot satisfy the one who has enlisted you in his army. (Living Bible)

A soldier on duty doesn't get caught up in making deals at the marketplace. He concentrates on carrying out orders. 2 Timothy 2 vs 4 (message Bible). After reading this bible verse from different translations of your choice, please close the Bible and go and make research online on what it means and takes to be a soldier of a country. Go

and studying the condition of being a soldier of a country. The training and the life pattern they are subjected to. So that you will understand what it means to be a soldier of Christ? They don't suggest the life they live for the government they work for, they subject themselves to the life that guide a soldier's life. Anything they have is a weapon of war. Truly God gives you a good job the salary is not for luxury, is a weapon of war. The car they buy, not for flexing the car, it is an instrument for the kingdom, no time for play anymore, no time to entice. If you are going to sport, you are not going there for entertainment, but for the kingdom. We are not saying you should be reading Bible when you are supposed to be learning different skills that can make you to be excellent, but the purpose and the motive of learning those skills is to show Christ. If you have the talent for comedy you can go into entertainment and use devil to crack joke, by doing that you are fulfilling Colossians 2 vs 14-15, because that is part of public shame. Why allowing all those uncircumcised comedians to be using Jesus and pastors as a joke when you are there as an ambassador of Christ. **So study what soldier means** and if you claim to be a soldier of Christ don't expect the difference from the government of the kingdom.

It is not a life of self, it is a selfless life for the government. They pay the allegiance with their lives. Same to anyone shortlisted to be soldier of Christ. We don't do anything to make money in the kingdom we do things to make impact. And yet we end up getting rich in spiritual blessings and in material blessings, that is the mystery. **Drop all this your understanding and seek the way and the principle of the kingdom.** The moment you want to be soldier of Christ, there is a protocol that guides their lives different from the lives of civilians. The law that guides a civilian Christian is different from the law that guides a soldier of Christ. So you must understand the difference between the general law of the scripture and the law of your destiny.

By general law you know evil and good, but by destiny law you know what others are doing that God accepts that you cannot do. **So just as we have general law that guides our lives, so also we have personal law that guides our destiny.** This is the stage where what can be good to you may not be good for me. This is the stage where what you do and succeed, I can do it and suffer. **Why? Because by the virtue of eternal consequences I am violating a law of destiny.** And that can lead to things not working for me in life. It can lead to frustration and you now see yourself casting and binding every attack against your success in life. Relax you don't need that at times. All you just need may just be a simple repentance. Not repentance from sin to righteousness, but repentance from self will to God's will. And if you don't repent, you just suddenly see yourself pushing everything using every method and yet things are not working, why? Because all your three stational and dimensional angels will stop working things together for you. **Because we have three dimensional angels for us:**

The First one resumes work when you are born on earth, to guide you. And every human race either born again or not have his one angel, and they have the capability to work things for your good at times if you are not violating the law of Cosmos, known as natural and national law. Because God is still the God of all, He is only the Father of those who have given their lives for Christ. That is why rain does not fall upon the roof of the righteous alone, why? Because as long as God is the one that created you, he is still responsible for some divine provisions over you either you are born again or not. So everyone has the first dimension of angel.

The second dimension of angel is the one that resumes work when you are born again. They are called ministering Spirit (Hebrews 1:14). Every born again believer has this one. They don't operate with you because of what you do, they operate because of your sonship position in Christ. They are under authority to act not base on what you do, but base on what Christ has done. Even though you finish masturbating you can still feel the presence of God. The presence of God you are feeling is not birthed by the spirit within, it is the function of the angel around you at times. You must learn to work with consciousness on this dimension of angels, they are available to guide you. I sleep like a baby, because I know they are already around me.

The third dimension of angels are the ones that resume work when you discover your destiny assignment and stay by it. They are angels for announcement. They are angels on assignment, because you are on assignment. They are the one advertising your ministry as long as what you are doing is in line with your destiny assignment. Once you violate, they step aside. You don't need to struggle to advertise yourself, save yourself from all this self struggle and go and settle with your maker in the secret place. Because once you miss your way or miss your assignment they step aside, until you are at the center of God's will for your life, they don't resume assignment. No matter how you plead the blood or cry for Mercy, your alignment is their authority. **The first angel works for you when you don't violate natural law; the second angel works with you when you don't avoid the law of your salvation by renouncing Jesus; While the third angel works for you if you don't violate the law of destiny assignment.**

By the violation of the law of your destiny, can that be the reason why you are suffering maritally or suffering financially.

The Old Man Must Die (Series 5)

Get this if you don't overcome self, you can't escape willful sin, because you will want to get your will done at all cost, and in any or every way, even though if it will take you to lie. Because fear of not losing that thing and desperation of getting it is a product of the old man in you. That mostly takes place when seeking for job or looking for money. And until you die to Self you can't be free from violating the protocol of the eternity in this time. **You see yourself saying I will lie and plead for forgiveness God is a God of Mercy;** but do you know what could have been added to your rank in the realm of immortality, how wish you deny yourself from that unrighteousness. I have said this before, the way through which Adam lost his glory is still an existing protocol in the economy of darkness. **Truly Adam was covered with the skin of animal symbolizing the blood of Christ, but a glory had departed.** Truly the blood of Jesus is what covers you and makes your glory to be shining in the realm of immortality, but in this cosmos your obedience and alignment is what determines the expression of the glory to shine for mortality to see. Because in the realm of mortality the blood of Christ cannot be seen by humanity, but Glory of Christ can be seen by them. So pay the price of alignment once and for all so that you can get the prize for your assignment once and for all. And until your way pleases the Lord, your assignment can not attract men that God really sent you to, because your life to them will be contradicting your assignment for them. And you cannot live a right life until your way pleases the Lord. **It is not possible to live a right life in a wrong way.**

The moment your way can be right, the power of wrong life and wrong doing at work in you will lose capability to push you to sin again. When you do wrong things the kingdom calls it **Falling**, but when you go wrong way the kingdom calls it **Failing**. So the reason why many are **Falling** in their lives is because they are **Failing** in their ways. You can't live a right life in a wrong way. That is you can't be in a wrong place and think you will live a right life. **That is why until you repent you can't be restored.** Repentance is not to life in the kingdom, **repentance is to Way**; while restoration is not to **way** in the kingdom, restoration is to **Life**.

In the kingdom you don't change your life you only change your way, **because coming to Life, it is an exchange and not changes.** While coming to Way, it is change and not an exchange. That is why when the Bible says repent; the emphasis is not primarily to your life, it is primarily to your way. The moment your way changes, automatically it will begin to reflect in your life. And you can't change your way until you die to Self. **That is why the Bible says when your way pleases the Lord, I will make your enemy to be at peace with you (Proverbs 16:7).** He does not say when your life pleases the Lord. You can see why many Christians are in problem, because many are living Holy and Righteous life in

a wrong way (location). God said you should be in Kaduna and you now went to Lagos and be living holy and righteous life there. Get this truly your life pleases God, but your way does not please God. And the criterion of making the enemy to be at peace with you is when your way pleases God and not when your life pleases God. You can see why some righteous and holy people are suffering and facing the attack of the enemy in this life. And when the devil attacks them you see them checking their lives, and say, but I did not commit any sin, why is this problem coming my way? **But ma, have you checked your way. Is that the person God asked you to marry? Is that the house God asked you to rent? Is that the job God asked you to take? Is that the university God asked you to go? Please check your ways.** Mercy does not speak in a wrong way, it only speaks for wrong life. If it is marriage it becomes your cross, if it other things repentance is the solution. You cannot be pleading the blood in a wrong way and think heaven we hear. Blood can still speak for you in a wrong way, but repentance is the only language the eternity hears when you miss the way. You can see why the devil is after your way. There are some things I don't have fear for again, not because my life is perfect, but I have peace that my way is perfect. So it is automatic that my enemy must be at peace with me.

Let me tell you this mystery: **When you are at the center of God's will for your life, you are already an immortal god, because the devil does no longer see you as a mortal man again, he begins to see you as immortal god.** Never joke with your way in life. It has a long way to do with your destiny. And never joke with your life in this life, because it has a long way to do with your destination. I suffered this for years before I could understand it to be mystery. What you are learning now, I am writing it with the pen of the scar in my body, because I learnt it in a hard way.

After my NYSC in 2015 in Kebbi state, I never asked God for what is the next direction and his decision for my life, everybody was packing their loads and leaving after the passing out parade (POP): I thought I am everybody also, so i packed all my loads also and left corpers' lounge when no one is pushing or pursuing me. I never wait for God to speak before moving. **All I know is that my life should please God, I never knew that there is one thing for your life to please God, while there is another thing for your way to please God.** All that matters to me then was righteousness and holiness; I was busy concern about how to please God with my life and lost the way for his assignment for my life. And suddenly I became frustrated in life trying to push life to make it financially, and in the course of doing things in my own way, I began to lose my righteous life, because there were some things requesting my compromise before I could get them, there were some doors on my way I couldn't open until I used the key of unrighteousness. **The book of Proverbs 3 vs 5 was ringing in my heart for years I didn't know the meaning.** Suddenly the holy and righteous life I was known for on campus, I

began to lose them, because of the cares of life. The more I tried to rise the more I fell. Because I can't live a right life in a wrong way. And the earthly things I was running after I could not get, it was because my angels were frustrating my way just to learn the mystery of alignment that will make them to open door for me.

Hmmmmmm... I must confess the body of Banjo Ayeka you know is full of scars. Most of what I teach, my life is a living sacrifice for it, because of the teaching ministry God was calling me into. I learnt my obedience in life through what I suffered. So that my teaching will not be of revelation without experience. I will just want us to pray at this juncture before we move further... It is not necessary you finish the write up, please let us do some prayers now just for 10 minutes. Begin to ask God where have I missed it? And if you are not missing it anyway, pray that God never allows me to miss it. Don't let a journey of 40 days becomes 40 years in my life.

Truly there is wilderness, but some of us are overdue in the wilderness. Wilderness in the realm of immortality is not supposed to pass 40 days, but because of our slow learning, many are spending 5 years, some 10 years. I personally spent 6 years. **Please shall we keep on praying...** In Jesus name we pray.

Now let us continue...**When your life pleases God you make heaven, but when your way pleases God you make earth.** Can this be the problem of Lazarus. So it is not only the matter of holiness and righteousness, we know without that no man can see God (Heb 12:14). But have you asked, am I in a right town or community? You finished your NYSC and ran to Lagos, because you are told that job opportunities are there. Now you are in Lagos frustrated. Why not save yourself from all this long years in wilderness cause by disobedience. Why not wait upon the Lord to direct you, even though it takes you six months to get his direction. You can still be looking for something doing in that community where you served as a corper as you are trusting God for the next move. God may not speak for five months just watching you to know if you mean business with the kingdom. **This is what the Kingdom called waiting upon the Lord (Isaiah 40:31).** Not only locking yourself inside with fasting and praying, that is very good, but what about if he does not speak in that three days; but as you are waiting for him to speak, you can get a small job to keep yourself busy as you wait for him to speak. Many think waiting upon the Lord is to lock yourself inside a room and be expecting him to speak, God speaks when he wants, not when you want. So you don't wait and waste, you wait and work. so as you are waiting you can be working and after months as God desires you may hear a still small voice saying move to Lokoja in Kogi state.

Mind you, God must have been preparing the place already either to stay with a friend who will accommodate you with joy and comfort, because God is involved. And as you stay there for weeks you begin to see doors open, because he that waits upon the Lord

they will fly as eagle (Isaiah 40:31). **This is the mystery of speed.** Suddenly the fellowship you join in Kogi state by the leading of the spirit, you are busy worshipping your God and the pastor says turn to your left and tell your neighbour it shall be well with you, as you turn to say to the Sister beside you God just speaks that is your wife. **You cannot be absolute dependent on God like this and get frustrated in life.**

The Old Man Must Die (Series 6)

One of the protocols of eternity is that you cannot **walk** with God until you are dead to Self. You can still be working for him without dying to self, but you can't walk with Him until the old man is dead. Because your ways are not his ways (Isaiah 55:8-9). Because the way you do his things while in self is different from the way you'll do it while in Christ. When you're dead to self you do his work spiritually, while when you're alive to self you do his work religiously.

The motive behind every work will show in the camera of eternity. And this will make eternity to count the living assignment in your hand as a dead work. That is why until you are dead to self your work for him cannot receive divine approval. And if your work for him does not receive divine approval, your life with him cannot receive divine ordination. And if your life does not receive divine ordination your assignment on earth cannot receive divine announcement. Can that be the reason why you are using human understanding to handle matters that require spiritual understanding? **You are using sight to handle the matter that requires insight.** You are using fore-head to handle the master that requires foresight. You are using television to confirm a matter that requires vision. You are thinking **logically** when you're supposed to thinking **biblically**, you are now looking at the **world** to get the information you can get in the **word**. You fail to know that it is the information from the word that leads to transformation, while the information from the world leads to deformation. You now sit down with **television** getting information from the **world** when you are supposed to sit down with **revelation** to get information from the **word**. Why? Because the capacity to turn your spiritual antenna to eternal frequency and receive divine instructions and guidance is already out of network and service. You now turn to the channels on your television to look for information on DSTV to solve the serious Divine assignment in your hand that requires direction! Kai. I pity the results. Because by flesh shall no man walk in God in the corridor of eternity and prevail. You will only be using the eternal gift at work in you to raise money for self when you are supposed to raise life for Christ. Because you are following the pattern of your new mentor on DSTV.

In the kingdom we don't make money with his gift in our life, we make impact with it and every other thing begins to follow us. When I see all the pastors and gospel singers charging people before going for ministration I pity the decadence and economy of darkness they have brought to the body of Christ. You can't last in the agenda of God for trending in that eternal damnation if you are a Gospel singers and you don't repent now. You can see why it is until the obituary of your old man life is declared by the protocol department of the eternity you cannot join the calibre of men that will walk with God in this dispensation. I give you time, you will soon fade away, your supplement is

already under preparation. You know when God wants to humble a man he will raise someone with your similar potential and grace and give him higher anointing, and cause man to shift their attention from your side to his side. So keep on charging people for money on the grace in you that Christ has paid for claiming you are working for God. **It is one thing to walk with God, while it is another thing to work for God.** We are in a generation where the associations of those we have in the body of Christ are the association of those working for God without walking with God. And in the eternity economy, until you walk with God the kingdom cannot trust you with eternal resources. Because your walk with him is a track record that you have mastered the way of the spirit, understood and obey the protocol of the divinity which now makes you to be equal in ranking with the immortal beings. And if your life can be in this alignment you are part of the army rising from mount Zion in this generation.

Even from your dream you will begin to know that you no longer belong to the realm governed by time. Because a shift has happened in your inner man as a product of your alignment with Christ which now translates you to be eating from the plate of immortality where deep mystery of God's word is being served as food, and anointing is being served as water, and where the power of divinity is being given as garment you will begin to put on to walk and work among the beings of this Cosmos. So if your old man has not died, your Christianity is just a child play, you are not yet flexible in the hand of God and **until you are flexible in the hand of God you cannot be rigid to the gate of hell.**

Learn this today, God's plan for you is to make his glory to shine in you, His plan is to express the dimensions of his Divinity in your humanity. He wanted people to honour you not because you have good car or build a mansion, those are the glory of the world. He wants to manifest eternal economy through you. That will make men to know that this is the finger of God at work in the life of a mortal man. He is looking for men to manifest the omniscience aspect of Him, He is looking for men to show the omnipotent aspect of Him. He is looking for those who will show the Jehovah Jareh aspect of God where you become an object of meeting people financial needs. He wants to display his wisdom in you that man will look at you and proclaim that this is the wisdom of God working in man. He wanted to display his healing ability so that as you lay hands on people it is the hand of God that the sickness in the body will be seeing. He wants you to speak and men will say this is the word of God. **These are what we call eternal glory manifesting in man.** We are looking for a Christian who will contest for Senate position. And when he speaks in the Senate House his voice will be like as thunder vomiting fire to consume iniquity in the Senate house. There is nothing bad if the senate president falls under the anointing. **It is not the joy of the kingdom that your pastor is the only one operating in power.** Supernatural ability is not for pastor it is for believers. This is

what the kingdom is looking for, but the eternal resources cannot find expression in your humanity until you're dead to self. **Until you're died to self, you are not usable in the kingdom of eternity.** Because self benefit is what you will first consider in anything you are doing. Even though you are gifted, you'll see yourself going into ministry because of money.

For those in Bible college, let me ask you this question, if the ministry you are working with is paying little money will you be a full time pastor? What is the major factor sponsoring your momentum to Bible college? Is it because you have been told that full time pastors are receiving big salary in RCCG. They've informed you that Living Faith a.k.a Winners' Chapel is paying their pastors very well and after seeking for job for two years and no job you jump into Bible college claiming you have a call! Who called you? With which network; **Airtel network or Eternal network? With Glo network or with God network?** What is the motive motivating your movement to be a minister of the immortality? Because the last time your file was checked in the destiny book of eternity you were supposed to be a business man and be an ambassador of Christ in the business world. That is why your life cannot manifest single power of Divinity. Who sent you to Bible College? Church service now looks like a funeral service, because you as the pastor, you're not a carrier of fire, after ten minute message people are already sleeping under your ministration. **When a church member is sleeping you don't wake the church members you wake the pastors! Because when the altar is burning the church will be on fire.**

Get this, if the word is burning in your mouth, people can sit under your ministration for 6 hours eating the word of God without getting tired or sleeping. Because you can't be a thinker of the word and a doer of the word and your word will not carry fire. It is when you think the word, do the word that you can speak the word and command impact. **Your word cannot command attention until it comments on your intentions.**

The Old Man Must Die (Series 7)

At times, I hear some people saying they are working for God. Get this, God does not need any man to work for him. He is only looking for man to work through him. He is the one that wants to do his work by himself, so he is only looking for man that will become a carrier of him, so that he can do his work by himself through the man. He only needs a surrendered vessel to be used and this can never be achieved until you die to self. Because you will just be like a car with a stiff-necked steering proving difficult for the driver to control. And the controlling power of a car is in the steering just as the controlling power of a man is the self. It is either you are controlled by world steering or by word steering and you can never be controlled by the word until you die to the world. **So all he is looking for is not who will work for him, he is looking for a vessel that will be a carrier of him.** And until he works in you, he cannot work through you. He has become flesh to dwell among men and to die for men. **So it is not in the agenda of his economy to become flesh again, he only wants to possess flesh again.** Because he created man in such a way that makes man to be the only gate way through which immortality can come to mortal realm. And he chose to make man like that and he is not ready to violate it or use another creature. He is not ready to violate the ordination he has bestowed on man. **He is not ready to leave man and be using stone. He is so mindful of man (Psalm 8:4-6).** So if you are not available or ready, we have over seven billion men on earth, so at least one or two will be ready.

God does not mind to put the gifts of 100 people in one man if that man is the only one in alignment. If God could take out the spirit in Moses and rest it upon seventy men (Numbers 11:25). For you to know that all he needs is few who are in alignment. He is not looking for multitude to use. Truly, He looks for multitude to save, to help and to deliver, but He only needs few to be used to carry out the assignment. That is why he said many are called, few are chosen (Matthew 22:14). What disqualified the rest is misalignment and disobedience. **So once God picks you for assignment, never take it for granted, it is a privilege to be used by God.** It is a privilege to be called into business world and be an ambassador of Christ there, it is a privilege to be called into educational sector and become professionals for the glory of Christ. It is a privilege to be called into ministry also. Never take it for granted, lest you will be out of the few that are chosen. **It is not enough to be called, you must strive to be chosen.** And it is not enough to be chosen, you must strive to be justified and it is not enough to be justified you must strive to be glorified (Romans 8:30). Because it is those he calls, he chooses and those that pass the test again he justifies and those that pass the test again he glorifies.

KJV: And if a man also strive for masteries, yet is he not crowned, except he strive lawfully. (2 Timothy 2 vs 5)

This is the mystery of getting the price of your assignment. That Bible verse is loaded with facts, but let us take them one after the other. The Bible verse talks about three keys:

1. Strive
2. Mastery
3. Lawfully

First, you must **strive** and to striving requires total dedication and inner strength and supernatural energy at work in you on that your assignment. Second, you must understand why you are striving which is for **Mastery**. Mastery means to be the best, this is not carnality, overtaking is allowed in the kingdom. So you must ensure no one outshines you in what you know how to do. For instance, I am not the only called writer, we have many people writing daily devotional, in order for me to be the best, I must strive for Mastery, I must see it as my life. If you are with me you will know, just to attain excellence in writing, there are many things I count as loss. You can't be a jack of all trades and attain excellence. My focus is to take the prize in the world of writing ministry. There are many things I can do, I am a very talented drama minister, a singer, a teacher and a writer. But I sat myself down and discovered my energy capacity level in this four grace. I know I can't pursue the four at the same time and attain mastery in life. One must suffer for one in other to attain excellence. So I have to study my energy capacity level of the four to know the one I can focus and attain mastery in my generation, I discovered it is writing. So I decided to focus my attention and make the teaching through writing my primary focus, teaching through speaking the secondary goal, drama and song the back goal. Why? So that I can attain mastery, so that before you count three writers in my generation, you'll count me, not for self show, but for the glory of Christ.

The God we serve is a God of wonders, and until your life begins to command wonders, you have not yet been able to manifest divinity in humanity and I know I have not gotten there, so I must count all the rest talent aside for now to attain mastery. Same to you, what is your assignment, learn to strive and not only to strive, but to strive for Mastery. If tailoring is what you want to focus on, learn to hit the best and be the best. Don't come and sit down with ball for hours and refuse to be excellent in your assignment for the kingdom. The way you are watching C. Ronaldo on television at home is not the same way he is watching you, without deep training he will not be where he is. My covenant friend a person of Apostle Babs Richmond do say that the person that sit down with television does not appear on television. Most of all those film writers, they are deep thinkers, they don't sit down with TV the way we sit with it. Go and see the average sitting room of the Whites what you see is books on their shelves, but come to

Africa, you will see pastor that want to conduct anointing service on Sunday, sit down with his big belly watching Big Brother naija on Saturday night. You don't attain mastery in that pattern, if you are going into tailoring, you can fast and pray to receive style in dream, you can make research to be excellent. We are about to take every aspect of the world economy for Christ.

Lastly, after you have strived, and have decided to drive for mastering, you must do them **lawfully**. That is, according to the protocol of the kingdom. That is, you can't run the way you want, you can't strive the way you want, you can't go into fashion designing business the way you want, you can't sow any how cloth, you are doing the fashion work that portrays kingdom style. So you must understand the law that governs the kingdom way of achieving your assignment. You can see why you need to die to self. This is the stage where many lose the crown and lose the prize. **Some pass the first stage of striving, some get the purpose of striving, but they fail by doing it the way they want not the way he wants.**

The Old Man Must Die (Series 8)

Get this mystery of getting deliverance from every attack of the devil without warfare prayer: **Self is the major factor responsible for many problems in life.** When I caught this revelation I caught the mystery of how to be free by knowing the truth. I saw the scriptural reality that the word truth is what the eternity has ordained to be the mystery of self deliverance of any kind on this mortal realm. It is when the weapon of truth is missing due to lack of spiritual knowledge captured in the intelligence of our soul that the body of Christ begins to use the technology of fasting and prayer as alternative weapon for men.

Truth is like automatic weapon that all you need is how to use and apply it. Just get the right button, and see things working for you. **While fasting and prayer is a manual method of weapon of warfare.** It requires effort, push, you hear a word like pray until something happen. It sounds spiritual, but it is religious. So know this today that if you are in any problem, is majorly because there is a level of spiritual truth missing in the curriculum of your life which now becomes a gross darkness to your soul over that particular area. And that area where your soul is experiencing darkness becomes advantage for the devil to penetrate through to your life. Because every arrow of the enemy needs a darkness to function that is why it is arrow of darkness. It is a product formed from darkness with darkness to work in darkness. Get this mystery today that any arrow becomes powerless once they enter light.

By fire a demon cries out, while by knowledge they sneak out. By fire they consume, but by light they become powerless. I tell you as you are getting this light now some demons are sneaking out in some areas of your life. Be it marital life, or financial life. That is why when a particular revelational knowledge is gotten over a certain area that appears to your soul, you gain mastery over the devil in that area. For instance, you can't get a full knowledge of your position in Christ and your authority in Christ, and be under any form of generational curse. Without any prayer of breakthrough, you know you have walked through and free from those childish play. When I see anyone claiming the enemy of his father's house is working against him, I already know that he lacks the knowledge of his identity in Christ, and the knowledge of his position in the kingdom. The effect of that will make you to be seeking for one prophet to another. Is seeking for prophet bad? No, God raised them up for that assignment, because God knew there will always be ignorant people in the body of Christ, not because they don't want to know, but because their spiritual intelligence is too low to capture the real truth of the kingdom and the mystery of the eternity. So they can't capture beyond the basic doctrine and principle of the Oracle of God. (Hebrews 6 vs 1-5). While some have high level of spiritual intelligence, but the denomination they found themselves by default or

circumstances has crippled or blinded the left side of their spiritual intelligence so they can't just understand how you can be free from generational curses without sweat, cast and bind. They just believe if you have not added physical energy to things you are not touching heaven. Tell them that just as we used manual method to kick generator before, so also we have generator that uses remote now. **What makes the difference? It is advancement of technology.**

Same to the kingdom, there are advancement of spiritual technology to achieve what it takes 40 days of fasting of our Fathers in faith to get. Some denominations will not grow to understand the dispensational move of God. And you see their members not growing in things of the Spirit, but just being zealous to the work of the church. They become poor in using revelational knowledge to win the battle of life. Because their denomination is only used to prayer as a weapon of breaking curses. **Truly, by prayer you break generational curse, but by knowledge you walk out of it.** So we are not against praying weapon, but we are only asking you to come higher and see the higher realm. That produces excellent results with less effort. You will see that revelational knowledge is the New Testament automatic weapon of prayer of the old testament method. Not because we don't do some firing prayer, but the knowledge is a deeper weapon of warfare in the spirit that sustains your total victory. If you get any deliverance via fasting and prayer, I want you to know that you are not totally free. Truly you are free, but not free indeed, because the same devil is still coming back to attack either from that area or from another area. **Why? Because you have not engaged the divine weapon ordained by eternity to work out your victory known as the knowledge of the truth (1 Timothy 2:4).**

It is only whom they Lord set free that is free indeed and who is the Lord? **Light** he is the **Light**. He is the word that becomes life and the life is the light to your soul. And once the light appears darkness cannot comprehend it (John 1:4-5). You can see why many praying church never get freedom from attack. Go and check many denominations that believe in prayer as weapon of war, they don't usually free from attack, as they are getting out from one, they are entering another one. **Why? they are only using alternative weapon and not the major weapon.** They are like Nigeria government using one AK 47 to fight boko haram. When there are weapons of massive destruction that can handle that assignment and clear them once and for all. Check truly the new testament and show me any singular place where prayer is recommended as tool for war? **The major weapon of attack mentioned is the sword of the spirit which is the word of God (Eph 6:17).** Another Bible verse called the word two edged sword (Heb 4:12).

Each time you see the angel holding sword either in dream, vision or in the bible, the sword is not any other thing than the word. So both in eternity and in time, the word is

the ordained weapon of attack in the warfare of life. So you now become master over the immortality of hell if you can now master how to use both the word and prayer. Because prayer has his position in dealing with the devil. **By prayer you destroy the work of the devil, while by knowledge you disarm the person of the devil. (Disarm means to render the powerful powerless).** So at the time you are ignorant, the devil must come to sow some tares into the wheat of your life manifesting already, the manifestation of that tares is called the works of the devil. **And for this, you need fire. And prayer is the substance that produces fire. Word is the substance that produces light.** So by fire (prayer) you destroy the works of the devil that penetrate when man is sleeping carelessly, ignorantly e.t.c.

Mind you, if the arrow has not manifested, the agency of light can render it powerless in you, and you see the arrow died in you. That is why the Bible says know your God before the evil day comes (Eccl 12:1). Because the appointed time of the manifestation of the arrow is called evil day. And at times the arrow of the enemy takes months, days or years to manifest.

Devil can shoot arrow of divorce into a family this year and you see it manifesting after six years if you don't understand how to use the agency of light to render the efficacy of arrow powerless in you. So there are areas where you will need fasting and prayer not to war against the devil, but to destroy the works of the devil. Because coming to devil, you can't destroy the devil, you can only destroy his works. **Spirit does not get destroy, they can only be rendering powerless.** That is why the Bible says and Jesus went out destroying the works of the devil, healing those who were sick and oppressed by the devil for God was with him (Acts 10:38). The Bible does not say he was destroying the devil, but he was destroying the works of the devil. **When the devil appeared to him at wilderness, he only said devil get behind me (Luke 4:8).** Not devil be consumed or catch fire. The devil is used to fire already, he lives in torment already, and he can sustain and live in the environment full of fire. **But his works can't sustain the fire of God, while his person can't sustain the light of God.** So understand the position of prayer and the word in dealing with the agenda of darkness. Which is by prayer you destroy the works of the darkness, while by word you render the power of the person of devil powerless. **That is why the greatest attacking and defensive weapon is the word.**

All the armours we are told to put on in Ephesians 6:13 you can only put them on by knowledge. Your knowledge about the righteousness of Christ becomes your breastplate; your knowledge about the truth of your position in Christ becomes your belt; your knowledge about the finished work of Christ and the promises available for you in the Bible becomes the sword of the Spirit, while your knowledge about the blood becomes your shield of Faith. **So all is about knowledge.** You only need fasting and prayer to sharpen those weapons of war, and sharpen your spirit that is holding the

weapons of war. So if you can get right truth, your deliverance is certainly certain.

Now what is the knowledge I want to unfold? It is that many attacks in life are associated to Self: So how?

To be continued...

The Old Man Must Die (Series 9)

I said it in the last series that many attacks in life and of life are directly or indirectly associated to Self. That is the Self life is the magnet that attracts many evil into any man's life. Your yesterday wrong decision that led to today calamity in your life is sponsored by the agency of the Flesh and Self. Self or old man is the tenant that must pack out of your life so that the real owner which is Jesus who has bought your body and life with his previous blood can pack in. Because the old man in you is an illegal occupant once you have received salvation. There is already a transfer of ownership from the devil to Christ. The certificate of occupancy of your life that gives Jesus Christ the legal right to own and dwell in your life is your salvation and the written eternal document that backs it up is the Bible. Because everything about you is like a two bedroom flat. A room for the Holy Spirit and a room for Christ.

Holy Spirit wants to dwell in your body that is why the Bible says your body is the temple of the Holy spirit. While Christ wants to dwell in your life that is why he is demanding that you surrender your life, then your heart, because the sitting room is where Christ (word) and the Holy Spirit meet. Because until they meet the word can not bear fruit in your life. But there is a tenant that must pack out from your life. Truly the Holy spirit is already in your body once you receive salvation. But he can't live with the old man. The Bible says in Galatians 5 vs 17 that they are always contrary to one another. Just imagine two tenants fighting always, the solution is one must pack out for one. And since the Holy Spirit have a legal right by the blood to stay in your life, he cannot pack out again, he has come to stay forever. The highest thing that will happen if you refuse to send the old man out is that the Holy Spirit will remain silent in your life and not bear fruit. He will just silent minding his own business in his apartment in your body as if he does not exist why? He is living with a wrong tenant. Just let the old man pack out and let the word which is Christ pack in and allow the holy Spirit and word to fellowship in the sitting room which is your heart" then begin to watch the wonder that will come out of your life. This is only when you can bear fruits in the kingdom. Because the existence of the old man will give birth to lust, and lust gives birth to sin and sin gives birth to any kind of evil. So the evil in your life is the son of sin, and sin is the son of Self. The son of sin is living with his grandfather. And until the old man dies, evil of any kind has a legal right to stay in your life, because they are staying with their grandfather. Even though you send the grand children out again by prayer, the sin will give birth to another evil. I overcame the devil and waved his attack bye bye over myself when I understood the mystery of dying to self as a secret of living a virtuous life over sin and the devil's attacks in life.

Get this mystery, the moment self dies, every other sin in you follows him to the grave

immediately, the power of masturbation relies on Self. Most of your lies is either a product of fear or a product of pride and this two is associated to Self. Ponder on that, why do I normally lie? Is either of not losing something or pride of creating an impression, having something at all cost just to prove a point.

Why do you get angry? Because what you want or expect, you don't get, not what Christ wants. You can't be fighting for Christ. There is nothing like holy anger, that holy anger is an agent of darkness pretending to be angel of light. So when what you want or what you expect is not seen or gotten, you get angry. That is also the product of Self. When self dies, Christ replaces its position, because it is no longer you who now lives, but Christ who lives in you, and I am not sure Christ can get angry. **Anger is not among the fruit of the Spirit.**

Something happened some days ago, a ministry from Uganda violated the copyright law of Time to Eat. He removed Time to Eat and put the name of his ministry and also put himself as the writer, and sent to his contact. You know we are in a global world where information can get to anywhere, suddenly one of the Time to Eat executive members saw it in one group where he posted it and brought it to our notice. Instantly, I took the matter to Time to Eat executive meeting and we concluded to keep quiet over it. This is my point, I was not satisfied within me over that decision, the Self in me still wanted to prove ownership. That is why must he do such thing? That he sent it was not the pain, but he removed my name, so I got his number to chat him up claiming I will speak to him politely.

You know Mr Flesh nah, it can act as fruit of the spirit, you will think you are speaking with humility. For instance, *I may just chat him up and say Good day man of God, how are you sir, we saw that you do playgerisim on our Time to eat, sir with all humility, are you sure you are born again sir, because you may end up in hell if you don't repent.* You know that kind of look humbled, but it is sponsored by Mr self. It is your motive that will only expose you, if you want to be sincere with yourself.

Now to the point: So I was saying in my inner mind that why must he remove the ministry name and my name? Note the word, **"My name"**. Not Christ's name, he did not remove Christ's name, he did not change the message, he did not put Mohammed. The name of Christ was still intact and the message of Christ was still intact. So what is my problem, Banjo Ayeka what is your problem? He removed 'my name' **Self**. So I still have name so I have not died to my name. And suddenly God spoke to me, is it my write up or Christ's write up? Instantly, I know where the Holy spirit is driving to, so I quickly confessed, it is not my write up, it is Christ's write up. Who am I? If God does not glorify you, you can't be glorified. Even though I put Banjo Ayeka at the front and back, it does not take God seconds to draw people's attention away from the name and from the

write up and from time to time ministries. And raise another person up with powerful writing grace, God can do it in such a way that fire can be coming out from his write up, and you see men closing your chapter and to focus on another people. Kaiiii I beg it is better not to fall into the hand of God in pride. So let Christ be glorified, let him do whatever he wants with the write up.

At least, I know people must have gotten blessed where he posted it, I know if he keeps on reading what he is posting he will repent one day. So I don't need to chat him up or accuse him. You can see the Self in action, he will always want to come back from the grave. **That is why Paul said I die daily. That your old man died yesterday does not mean it will not wake up today, you must learn to die daily.** What should matter to you is that let life be blessed, even though the man takes the glory, but the content will still bless lives any where he sends it to. So all glory is to Christ. So why fighting? And that becomes the end of war I could have made with the ministry and the pastor. **Can we take a rest to ponder on this first point before we move further... We have a long way to go.** You can even turn it to prayer: Oh Lord don't let me fail you in my generation, I must not be replaced. Replace anything in me that can cause you to replace me for anything. That is the mystery of overcoming sin.

The Old Man Must Die (Series 10)

That your old man died yesterday does not mean it cannot rise today. This is where many make mistake, the death of old man is not the absence of its existence, but it is the absence of the power of its existence over you. Because we are still in the fallen world, full of evil activities that can give resurrection to the old man in you. So someone can make you angry and you will feel the anger, but the power to respond and display has died.

The lust rises back again because someone wakes it up in you, but when it wakes up, but the lust discovers that it has lost capability to respond, so it has no option than to go back to be resting in peace in the grave of your heart. **That you are dead to self does not mean you will not feel sexual urge as a guy. Sexual urge is an evidence of a good living. It only becomes evidence of bad living when you allow your soul to yield to the desire of the urge by masturbating or by fornicating.** Someone is saying but it has died, while must it rise again, yes sir, our salvation is not yet complete, as long as we are still in this mortal body, there is a salvation we are expecting that will either come by death or by rapture, that is the putting off of this body of weakness to put on the glorious body made by the material of eternity. **Our Spirit has been completely saved, our soul is getting saved daily. And our spirit and soul is longing for the last salvation to be out of this body and also out of this environment.** Because the mortal body and the material earth couple with the sinful nature of the atmosphere is limiting our spirit man to manifest his capacity in his fullness. Because as long as we are still in this mortal body, just as the power of the holy spirit raised Jesus from the grave so also the power of evil in the material environment brings to manifestation by men can raise the old man back to life.

The only advantage is that when Christ was raised, he rose with all power and all Authority, but when Self rises again, it rises with no power and no authority, so it lost his capacity to rule any more. And when it stays and discovers that you are not given him attention. it falls down and dies again. Understand that revelation. So all you just need is to sustain daily stability on the activity of the flesh and also put to death daily the willful Adamic nature of the Self. **That is why Paul said I die daily, so there is daily death (1 Corin 15:31).** The scripture is not saying that he died gradually, but he died daily, that is each time the self tries to rise up again, he puts him to death again and again. So is a conscious daily living. And if eventually in the course of your trying to die daily, you fall, please rise again and continue the journey until you master the act of living in the spirit without stress. **Don't let the devil deceives you that you can't be perfect, that statement is a pure heresy from the kingdom of hell to keep man in the continue state of iniquity.** Never allow that, tell the devil if the righteous man falls seven times, he shall rise again.

No baby learns to walk and masters it in one day. It is continuous rising and falling that makes him to master the stability in his walking.

When a baby is learning to walk, the parent never get angry when he falls, they even encourage him to rise, if he cries the mother (the holy Spirit) quickly rushes to pick him up and comforts him. Not to comfort him in sin, but to comfort him to righteousness by telling him he can do better. It will only becomes the sorrow of the parent when he refuses to rise and practices to walk again for like months or years. Because that has become the element of a potential symptom of being cripple. So prove to the devil that you are not spiritually cripple. Try and begin to walk again, you are only learning to walk in the spirit, don't be discouraged, that is the path way to spiritual maturity. **Because sons are not known by their work for God, they are known by their walk with God.** Sons are not known by how God is working for you, they are known by the level of how God is working in you then work through you: Because when God is working for you, it manifests as material blessings. When God is working in you, it manifests as fruit of the spirit. While when God is working through you, it manifests as spiritual blessings.

Even though, our lives must not lack this three dimensions, but the dimension that proves spiritual maturity is your alignment to the working of God in you. So learn to walk in the spirit, it is a learning, we don't attain it in a day. I don't know if I am permitted to share the deep method working for me. Mind you, this three points is not a general doctrine, but it can be of benefit for some. So I don't generalize it, it is a dimensional and progressive revelational truth I personally adopted, not absolute. So if you want to be dying to self daily, and your spirit agrees with it, you can adopt this three methods it may work for some.

- 1. Be determined to embrace the will of God on daily basis over the will of Self.**
- 2. You must now begin to grow in the knowledge of the will of Christ, and this is very easy to know.**

The will of Christ is always opposite to the will of self. It will not always please your will and interest, you only have peace and after you have chosen to obey, and that joy is a sign that your position has increased in ranking in the realm of the immortals. Because to every obedience, there is promotion in the realm of the spirit, while to every disobedience, there is demotion in ranking in the realm of the Spirit. That is why your spirit fills with joy when you obey and you feel sad when you disobey. He knows what has happened to him, you may not know, and that is why you commit sin easily.

- 3. The last one is the consciousness and the sensitivity always to the activities of the flesh and the work of self.**

This is the personal principle God helped me to note for myself from learning from the school of the Spirit.

The Old Man Must Die (Series 11)

One day, I was asking God, why is the devil touching my financial life, why is the devil attacking my financial life? And suddenly a voice came to my heart from the throne of Divinity that what do you say the devil is attacking again? I said **my financial life** repeat yourself again, I said "My Financial Life". The voice said 'that is the same reason why the devil is attacking your financial life'. Because it is your financial life not mine (Christ's financial life). It is still your life, you have not surrendered your financial life to Christ, that is why the devil is touching it. **I never get victory by attacking the attacker, or bind the devil over my financial life, all I did was that I just surrendered it and that is all.** So when any money enters my hand, I can't just deep my hand in it to spend it, I make sure every of my spending is according to his leading. Because it is not my money, I can't be spending His money for selfish reason. It is Christ's money not my money. I no longer live, the life I live is in him, by him and for him.

The devil dares not try to touch Christ's property in my hand, he can attack my financial life, but he can't attack Christ's financial life in me. **Until you come to the end of yourself, you can't come to the end of the attack of the devil.** Until you surrender to Christ, the devil cannot surrender to you. What is in your life that you are still holding unto, your marital life, your career, no sir. **It is His marital life, it is His career, because it is His life you are living in your mortal body.** You are dead, and the life you now live, you live in Christ Jesus. (Galatians 2 vs. 20). So how come it is your marital life? You are worrying that age is passing you bye, why worry? It is your marital life not His marital life. How come it is your marital life, it is a sign that you have not come to the end of yourself. That is why you cry because you lost that job, it is a sign that you have not come to the end of yourself, why crying, your job or Christ's job, so it means you are not there for kingdom assignment. **It is for your selfish benefits. All you do is to pay tithe and the rest you are using it for luxury.** When Christ provided that job, what was written in the file of eternity is that, the resources you get from that job should be a weapon of war against the gate of hell. Let the gate of hell feels the impact of the money coming into your hand.

Anything that is by Christ, in Christ and for Christ is under eternal security. If it is the banking job or business is given by Christ and you are doing the job in Christ and for Christ, demon from gate of hell cannot prevail over it. I just pray the Church can get this fact and enter labour once and for all to enter our rest. I don't know the last time I cast out demon over my life after I understood by this divine principle that the mystery is total surrender. **You can't lose what Christ gives you if you are using it for his glory.** The man only lost his talent when he did not use it to proclaim Christ. He went and buried it, he used it for himself. Anything you spend on self is equivalent to bury in the

kingdom (Matt 25:24-25). If eventually you lose what Christ gave you, having used it in a right way, it means Christ wants to provide a better one. That is, He wants to transfer you to another parish.

Someone said parish? How sir? Your company is your ministry, your shop is your pulpit, you are a representative of Christ. Until you start seeing your company, career and business as ministry you may not take it serious for eternity sake. **If you are a medical doctor, your ministry is your hospital, how to influence the place for Christ is your assignment.** Same to business, you are not the owner of the shop, you are only a sales representative of Christ supermarket ministry, but you now sit down as the owner. I pity you, be protecting your thing yourself, be advertising your product yourself. Angels who are supposed to announce you and the business are just watching, waiting until you stop all this your human logic and calculation.

In the kingdom, the word **I and My** is a taboo. My husband, my wife, my certificate, my money, that **My** is a license that the devil only needs to attack you, no matter how you plead the blood of Jesus on that business. You don't plead the blood on what has been cursed, the only remedy of Self is to died. You only plead the blood on what is under the covenant with God. That is why the blood did not work for the Egyptians. The old man in you is not under any eternal covenant, your spirit soul and your body is the one under eternal covenant. But your life is not under covenant, what God needs is not to change your life, He wants you to exchange your life. There is another provision already, called the new man. So your life has spoilt beyond repair, you need tear rubber. **And the eternal law says you are to put off the old man and put on the new man (Ephesians 4:22-24).** So the blood is not the remedy for Self, death is the remedy. You can see why many will pray, fast, plead the blood on their businesses, companies yet no progress. Why? You are only violating the divine eternal protocol guiding your life.

See the protocol. **Until you die to self, you can't live for Christ; except the corn of seed falls into the ground, your marital or financial life, company, ministry, business, abide alone (John 12:24).** That is there is no eternal security over them. Self has been cursed, anything the Self holds become cursed. **Remember Christ's word that says he that holds unto his life will lose it and he that gives it for my sake will have it back (Matt 16:25).** If you don't get to this stage in your level of walk with God, you can't get to the interview hall of the international company that shortlisted you and be panicking. Because you are not going there for your purpose, you are only going in the name of Jesus, for his purpose. And when the eternity sees this mindset in you after proven to the board of trustees of eternity that you have been faithful in little, the door of the new will surely open. If it is the job of Christ and for his glory, you don't need to panic. **The first thing you overcome when you come to the end of yourself is worry and fear.** Jesus said take no thought of tomorrow (Matt 6:25-34); till today the church has not

come to the reality of this Bible verse. You can't until you die to Self. **We read the Bible, quote it and don't act it, including the pastor quoting it.**

At times, what you need over your marital life is not prayer, just surrender and ask Him what do you have me to do, because where he wants to lead you to, you will never wish to go if you have not died to Self. The best prayer of those who have died to Self is **Oh Lord what do you want me to do at this situation.** They don't take any step outside the leading of Christ. Until God speaks they don't move on any decision. No matter how you put pressure on them. They are men under the authority of the eternal government, they only move as Christ moves. Your leading by the Holy spirit can still be manipulated, because there are strange voices that will benefit yourself which will be speaking to you and you will be claiming, it is the Holy spirit. **But if it the leading of Christ, it will be obvious to your motive and self, because the light of Christ will expose it.** Some is saying what is the difference between the leading of the spirit and the leading of Christ?... That is another mystery for another time.

See you in the next series for that.

The Old Man Must Die (Series 12)

I said in the series above the difference between the leading of the Holy Spirit and the leading of Christ. Mind you this teaching is not for baby, if you don't believe it just overlook it and be waiting for the next series. Because I personally, I am struggling in the choices of word to use to communicate this reality to you.

When Christ speaks to you it comes as a light that manifests as knowing, you may not have any specific word to hold unto as the Holy Spirit does. But you will just know that this is the way, you will just know by spiritual intelligence that I am in a wrong place. How you know you can't explain, do you hear any voice? No, so you see any vision? No, do you have inner witness? No, what about dream? No. **Then how do you know you are in a wrong place?** I just know, how do I know what I know, I can't explain. I just know that I am in a wrong place, when you are in this realm, that is Jesus speaking. It will not come for selfish purpose, because it will always lead you to place where it will benefit your spirit, soul and destiny or place where you will benefit spirit, soul or destiny of someone. It is either place where you will be imparted or place where you will impart someone. The word of Christ is always on business, it is always on assignment. It does not have time to be telling you to wear blue cloth today or not. All those are the assignment of the Holy Spirit. The voice of Christ is addressing the matter of destiny. **When you are experiencing all this it is light that appears to your soul and manifests as divine knowing.** But coming to the Holy Spirit you hear him clearly, he speaks to you in a language you will understand. He comes to your level and speak to you in different ways you can receive from him, as inner witness, as word, as audible voice, he also teaches you the logos and rhema of the spirit, and how you can apply them to your life. All these are the function of the Holy Spirit. You can be in a place and your hear a voice saying go back home that is the holy spirit, but if Christ speaks, it will just dawn on you that you need to go. You become unrest and unsatisfied.

At times when you just feel like I have stay too long in this realm I need to move forward that is Christ sharing a light into your spirit opening the eyes of your understanding. **So it is not like hearing a voice, it is a light that becomes a belief.** When Christ leads you his word becomes a belief, it becomes a mindset sponsors by a passion that will begin to drive you and make you to stand above any discouragement or critics. When you see a man following Christ they are radical in nature, because they are the one that understand with spiritual intelligence the end point of the decision they are taking. **The leading of the Holy spirit is on every day matter, while the leading of Christ is on destiny matter.** When the holy spirit speaks to you, he speaks and teach you on every day matter, but when Christ speaks his word is a life law. It is a law that must be kept personally till you die. For instance, the Holy spirit leading can tell you not to pass a way

today, while tomorrow he can lead you through the path. But when Christ speaks, he tells you a particular place is not your way at all, that everything you want to achieve is around a particular thing. You just know that getting master, PhD is just a waste of time, or you know that I need to go for my PHD, because education is my life, I have an assignment in being a lecturer. So once you can get your way right by the available light in you, it makes the holy spirit to flow, expressing in you and making all your angels to be working things for you. Everything will just be moving smoothly in life, it will be so obvious to you that you are in a right way, you will find joy in doing what you are doing, because you are walking in the area of your gifting. **So the leading of the Holy spirit will now be within the way of Christ.**

When you misbehave the Holy Spirit can still be quenched and grieved, and you see yourself losing your peace. But when you miss the way, frustration is the end result, you will surely pay for it, until you repent. Repentance and tracing your way back to where you have missed it is the only solution. Because this is what the kingdom called failing. **When you miss your life it is falling, but when you miss your way you have failed the kingdom.** Mind you, the Holy Spirit can still speak to you, he can still be guiding you in a wrong way. He can still be talking to you on cloth to wear. But you will only discover that things are not working for you, why? Because you have missed the way. So when the Holy Spirit is leading you, he leads you by speaking to you in different forms; but when Christ is leading you, you will not hear any voice, but you will be experiencing what I called divine knowing. How you know you can't explain, you will just know that you are not meant to be in the secular, you have a call into the ministry. A light will shine into your heart and begins to manifest as personal revelational knowledge. See the mystery in this Bible verse:

KJV: Then spake Jesus again unto them, saying, I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life (John 8:12).

There is something you will have called **Light of life** if you begin to follow Jesus. I began to follow my calling on full time basis, I never heard any voice, I just know it is time to move into full time. I know Christ has spoken to me. I don't know how to explain it, but I know I am not needed in the secular. I know I carry priesthood anointing, i know I cannot do anything in the secular and succeed. All my potential is wired to be useful in the body of Christ. So I know by divine knowing that I have a call. When I knew this and accepted, I began to walk only on that path, and things began to come easy for me. Before I accepted this knowing, I was frustrated on earth for five years. **There is a realm where you will understand the difference between the the voice of God, from the voice of Christ; and the difference between the voice of Christ from the voice of the Holy Spirit.**

The Old Man Must Die (Series 13)

The moment we die to self, a journey of faith begins. The end of self in life is the beginning of walk in faith with God. Because you have entered into a covenant of leaning not to rely on your own understanding, because in your new way now it is expected that you acknowledge Him, he will direct your path (Proverbs 3:5-6). Not that we suspend our intelligence in the course of acting in faith, but we move higher into eternal intelligence called spiritual intelligence to handle kingdom matter on Earth. We have three dimensions of intelligence which are:

1) **Internal intelligence**

2) **External intelligence**

3) **Eternal intelligence**

1. Internal intelligence is your own intelligence that is acting by your own intelligence or using your understanding to solve destiny matters and that can be dangerous.

2. External intelligence: this acting on people opinion over your destiny matter or rely on men understanding to handle matter concerning your destiny.

3. Eternal intelligence: this is moving higher to operate with supernatural intelligence to handle destiny matter.

Mind you number 1 and 2 are very good in some areas of our lives, we are not created not to use them at all. For instance, to dress in a sensible way the function of internal intelligence can handle that. So as long as we are human we need it to make friend and relate with people. Same to number 2 we need it over some issues of life, we need to counsel and advise over some issues of life. But coming to a decision to walk with God, number 1 and 2 can be dangerous. Because tapping into eternal economy to handle a destiny matter is a function of foolishness to humanity. So faith is not suspending your intelligence, it is making use of eternal and immortal intelligence to act on destiny matter in time. It is turning to the frequency of the eternity to download information needed to solve eternal matters in our hands, called destiny assignment. That is why to others we are acting in foolish, to our natural man we are acting in risk, but to the new man in us we are acting with intelligence not from this realm. Because how wish it is the old way, you do the way others are doing it, is either you leaning on your own understanding or you leaning on the understanding of the society. But in this new way. It is an ancient path, it is a journey of faith. **And your step is not a step of faith until it sounds foolish to a natural man and sounds risky to your natural Self.** It is a new way for a new life you received in Christ. So you can't tell me any man you tell and it will not

sound foolish.

Imagine I come to you and tell you that God is calling me into full time writing ministry, you will first ask how? who have you seen doing that? But when men begin to see results, they begin to know that you can't take a step of faith in life and regret, even though you want to sink Christ will raise you like Peter (Matt 14:30-32), having seen the sincerity of your heart. I am a living testimony on that. Because once you are saved, your salvation is purchased. God did not only save you to make heaven, he saved you to make impact in the kingdom and for the kingdom. And in order to attain that level you must follow kingdom pattern. **If your mission is to make impact on earth, this teaching is not for you, you can go and study any book of Dangote or Bill Gate and get any 7 key to succeed in life.** Five keys to unlock your destiny, you can attend business seminar and you see yourself making it on Earth. But if your Mission is not to make impact on Earth, but to make impact in the kingdom and for the kingdom of light against the kingdom of darkness, you must understand the kingdom pattern of attaining that. Because your impact is not count as success in eternity until it glorifies Christ, and until you are recognized by the hell. And once you want to make your success to glorify Christ, it will strike a code in the gate of hell like packing light showing a sign of danger somewhere by someone who is a representative of the agency of light on earth, so the devil will wage war and the only way to overcome the attacks of the devil is to surrender your own understanding by moving higher into eternal intelligence called shield of faith, because this is how you can quench the fiery arrow of the immortal being of hell (Ephesians 6 vs 16). **If you do his will in your own way you will end up in the wile of the devil.** So in acting in faith (eternal intelligence), three things you must consider:

1 His will

2 His way

3 His method

You can be doing his will not in his way, and you can be doing his will in his way not with his own method, but following tradition or people's method. But it becomes colossal failure when you are not doing his will at all. Some is asking how can I be doing his will not in his own way? Is that possible? **Because we have many in the ministry doing God's work in their own ways.** E.g you have a call to surrender all and go into ministry, and you obey. That is his will. And the next thing is to look at yourself and think Abuja is where people are making money now and you pick your bag to begin his will in your way. Who is sending you to Abuja? Come hear I am talking to you Pastor Matthew, who told you that Abuja is your divine location?

Some passed the test of God's will by going to ministry, they asked God for location,

and God directed them to Akure, Ondo state and they obey now they get to Akure and begin to have church. Did God ask you to have church? Must you have church to fulfill ministry? You are doing the right thing in a right way but in a wrong method. But for those who want to follow His way in life, the first principle is that his way is not your way (Isaiah 55:8-9), so since old man has died everything becomes new. You need to begin to ask him what's next? I almost fell victim of this, I know I have a call into full time ministry, but there was time I was telling Segun Bello, and some Time to Eat Executives like Bright and Tomi Ayokunle that we need to begin to plan of starting a church, but we all never had the full conviction that having a church is God's will for our lives. So we never took the step, waiting on God until God spoke after six months and gave us the structure of the ministry how it will look like, nothing like church or Sunday service in the picture. When I declared God's intentions to the executives, they all feel happy. Some have a confirmation, while some have full peace of mind over it. **So never joke with his will, his way and his method, if you want to overcome frustration.**

The Old Man Must Die (Series 14)

Someone was asking, **how will I know it is the old man that is leading me or the new man, how will I know if the agency sponsoring my movement is a force from eternity or a force from hell?** Since the Bible says the heart of a man is desperately wicked, who will know it? (Jeremiah 17:9)

How will I know if I am not deceiving myself or I am being deceived by others' intelligence? How will I know if I am not under manipulation planning to destroy my life claiming I am acting in faith? Because the heart of a man is desperately wicked and can be deceitful. Yes, you are right, but my question for you on that Bible verse is, which man? Which man is the scripture referring to that their heart is desperately wicked? **The old man or the new man, which man is the Bible referring to?** Truly, the heart of the man whom the old man is the landlord is desperately wicked. The heart of unrenewed man is desperately wicked and deceitful. The heart of a carnal and a natural man is desperately wicked. Same to the heart of a religious man, even a religious man heart is the most worst aspect, because they are wolf in sheep's cloth. But coming to the new man his heart is desperately pure and and transparent, by their actions alone you will know their minds and trust them, because the manifestation of Christ in their lives is obviously seen.

A man who has received eternal life, but still full of Self can be desperately wicked. A man who is genuinely saved, but still work and walk in the flesh can be desperately wicked and deceitful. But a man who has died to Self, you can trust him with your Life, and that is the realm where God wants to take us to. **So how do you know you are under the will of Christ or how do you know your way is not the way of Self?** Because this matter of self is a matter **between Christ and Self**, just as the matter of the Holy spirit is **between Spirit and Flesh**. The opposite enemy to the Holy spirit is not self, but "Flesh," while the opposite enemy to Christ is not flesh, but "Self." That is why the book of Galatians 5 vs 17 says the spirit fights against the flesh, and the flesh fights against the spirit. Not the Spirit fights against the Self, but it is the flesh. And we said in series one the difference between Self and Flesh. **Flesh is to life, while Self is to way. Flesh is to your way of life, while Self is to your life in the way.** And it is your life and your way that must please God. Fornication, lie e.t.c. is a wrong life, is to life, while being in Lagos state when you're supposed to be in Kogi state is a wrong way. So come back to Kogi state.

Misbehaving is like entering into mud, while missing the way is like entering into pit. When you misbehave (life) you get stained, become unholy, stigma, reproach, e.t.c. But when you missed the way you get wounded, the result is scars. And you can become vulnerable and miserable when you now begin to enter pit and enter mud, that is getting

stained and scars, that is getting reproach, because of your wrong life and getting wounded by your wrong way why? Because as you are misbehaving, you are also missing the way. **I pray with my heart for someone that this will not be your portion in this life in Jesus name.** So once you miss the way, you enter darkness, because darkness is synonymous to pit in the realm of the spirit. It means you have missed the light guiding your way, the end result is frustration, calamity, e.t.c., **because Christ says he that follow him shall not work in darkness (John 8:12).** So the darkness manifesting as confusion is a sign that your are not following Christ. So how will you know that it is Self directing your way or Christ? Mind you, the direction of this two is a function of mindset and motive, and see how the mindset and motive operate: When the new nature (Christ's nature) in you gets to a place, he looks for what to contribute, while when Self gets to a place, it looks for what to gain and get. Self is always **gain** conscious, while Christ is always **give** conscious.

Self is always looking for self benefits, while Christ is always looking for man's benefits. That is Self is concerned about his own benefit, while Christ's nature is concerned about the benefits of others. Christ in you (new man) looks for opportunity to serve, while Self looks for opportunity to rule. A new man can sacrifice the body to satisfy the his spirit, but the old man can sacrifice his spirit to satisfy his soul. So Self seeks for you for what he can get, he is not in the business of building the spirit and soul. When you see the old man reading spiritual materials, they are materials that talk about money or marriage. Give them write up on 30 keys on how to make money they will read through, but give them write up on how to build spiritual life, they will tell you it is too long. When you do something for someone with Christ's nature he looks for means and way to pay it back in another way, but when you do something for Self, he goes away and only remembers you when he needs your help. You only see their call when they need something from you, once Self knows he wants to get something from you tomorrow, he may send SMS message today claiming he just wants to check on you and after 24 hours you now see another message of complain and how you can be of help to him. **The old man is selfish in nature, while the new man is selfless in nature.** Christ in you go to places where **the body can be sacrificed and the spirit can be satisfied**, while Self goes to places where **self can be satisfied and spirit can be sacrificed**. So the will of self is very easy to know, only if you can be sincere with yourself.

It is when you are serving people with your potential without minding the gain, then you are seeking first the kingdom of God and living according to the way of eternity. **I have said it that in the kingdom we don't live to make money, we live to make impact and every other thing becomes added.** Self pursues money, while Christ's nature pursues vision. Self work for money, while Christ's nature works for mission. Self works for

pocket, while Christ's nature work purpose. Self is always after Gold, while Christ's nature is always after God. Presence of Gold is what Self is after, while presence of God is what new nature is after. Self wants asset of man, while Christ's nature wants access to man so as to affect their life. **With all these analysis, are you walking in the old man or in the new man?**

The Old Man Must Die (Series15)

Some says **"it shall not be well with me, he said I will not prosper in life."** I don't need to panic to be looking for prophet to remove the curse or be fighting him to stop cursing me. What he cursed is ME, he cursed I. And I am dead already. And the moment I died, the curse died also. Because the person he placed curse on is me. And I no longer live. He cursed my financial life, but I don't have financial life any more, he placed curse on my marital life, but how I wish I have marital life, it could have pain me. **But I have surrendered all, it is no longer I who lives, but Christ who lives in me.** So why must I curse him back? The person he is cursing is dead, and the person that can reply him is dead. That is why Daddy Gbile Akani would say **"Why are you looking for the dead among the living?"**

Just imagine you cursing a dead man, the highest level of curse in the realm of the spirit is death, and death has come to the **Me** in my body, death has taken I away in my mortal body. I don't have any life of my own again. I am just a vessel carrying Jesus about. It is only Christ that is living in me, it is only Christ's financial life and Christ's marital life that is in me. I don't marry for myself, I married for Christ, our marriage is a weapon of war to the kingdom of darkness. It will be soldiers marrying soldiers. So saying it shall not be well with me is to say it shall not be well with Christ in me. That is the only living entity living in my body. And no one can curse Christ in me, be it a prophet or an Apostle. Anywhere the kingdom talks about dead as the remedy to anything it means the Divinity wants to bring a permanent solution to that thing. There is nothing on Earth that brings permanent solution, except it links to death. Anything that does not die has chance of existence, that is why when the eternity wants to lift the banner of curse upon man the conclusion is that the divinity has to come to the realm of humanity, and become humanity to die for humanity. Why dead? Because that is the eternal way of providing eternal solution to any life problem. So when the kingdom is showing you the way of dead they are only showing you the way to be free from any life challenge on this Earth.

Once the Self dies, you have eternally free from the past, the present and the future curse. So anybody that tries to curse me curse himself, because anybody that blesses me blesses Christ and any one that curses me curses Christ. And to curse Christ is to curse yourself. **This is the realm Abraham got to and God said whosoever that blesses you shall be blessed and whosoever that curses you shall be cursed (Genesis 12:3).** Because Abraham was the first man that worked in the realm of dying to Self. Because once you die to Self, you begin to live by faith. And the first custodian of faith was Abraham that is why he is called the father of Faith. **Study the life of Abraham, you will see that he was a complete manifestation of death to Self.** I will point out three factors to prove that Abraham really walked in the realm of dead to Self:

- 1) By getting out of his father's house, and left the good life there to begin a journey he knew nothing about its destination is a picture of the manifestation of someone who was dead to Self.
- 2) For allowing Lot to choose before him and not fighting him for choosing the best place is a sign of manifestation of dead to Self.
- 3) By dragging his only son, Isaac, his only certificate, his only job, his only money as a sacrifice is a sign of dead to Self.
